So you think it's bad news that a recession has been "officially" declared? (Turns out,

US unveils new \$1.5 trillion plan

Timothy Geithner's three steps to recovery

US Treasury Secretary Timothy Geithner has unveiled a comprehensive bank bail-out plan worth at least \$1.5 trillion (£1.02 trillion).

Under the plan, the size of a key Federal Reserve lending program will be expanded to \$1 trillion from \$200bn.
