

Whether you are new to the issue of the Israeli/Palestinian conflict or you have studied the topic for years, this symposium is for you.

Come and learn about:

- America's role in the Occupation
- Faith perspectives on the conflict
- Becoming active in peacemaking

The Middle East Peace Education Coalition (MEPEC) is guided by a belief in the worth of every individual.

Our mission is to work toward a just peace in Israel/Palestine by:

- Changing US policies that have supported and continue to support the Israeli occupation of Palestinian lands.
- Affirming the human rights of all people to self-determination and to security within identified borders.
- Recognizing the right and responsibility of the people of the region to decide on the governance of their state(s).
- Committing to the principle that international law must be the framework for resolving the conflict.
